MACINTOSH IS CONSERVATIVE CANDIDATE

Captain Macgregor Macintosh, M.C., Chosen At Well Attended Convention At Ganges

GANGES, April 14.—An enthusiastic and well-attended Conservative nominating convention here Monday made Captain Macgregor F. Macintosh, M.C., the unanimous choice as candidate in the forthcoming provincial election, delegates from all parts of the constituency so deciding after the preliminary ballot had been dispensed of wherein the vote was divided several ways.

Captain Macintosh thanked the convention for the confidence placed in him and the honor he felt quite confident he would be returned at the polls and that he would at all times promote and support legislation in the best interests of this constituency and the province as a whole.

Captain Macintosh was a former member from 1931 to 1933, succeeding Col. C. W. Peck, V.C., D.S.O., who resigned to take over duties on the Pensions Board at Ottawa. The Pensions Government was in office at the time and he was elected by acclamation.

Herbert Ansecomb, M.L.A. for Victoria, addressed the convention briefly, touching "on the great increase in debt by the present government." He also spoke of the proposed health insurance scheme and on touching on Hedley Amalgamated stated "that there was absolutely no excuse for this latest scandal."

Dr. Patterson, provincial Conservative leader, received a rousing reception. He complimented the well organized and enthusiastic convention and stated it was typical of meetings of this kind he had attended throughout the interior of the province within the last few days. Touching briefly on the party platform he stressed the necessity of a reduction in the number of members in the House, the need of a highway commission as being included in the planks of the platform that would be announced as soon as the election date is named. He was quite certain that a strong, sane and verile Conservative party would be returned to carry on the business of government in the province at the coming election.

Some call it love, but I
Have no name for it,
But in your face, your hair, your eyes,
That's where I saw it.

Something within you; even you
Knew not you had it,
But I did, and prized it,
Though fortune forbade it.

You for a moment were
Mortal no longer,
But touched with some magic
That filled me with wonder.

Some call it love, but I
Have no name for it,
But oh, that sweet something has gone
From where first I saw it.

SPANISH BROADCAST

Sir:—For the benefit of any of your readers who may be interested will you please publish the following: Radio station EAQ, No. 2, Madrid, Spain, has increased its power to 20,000 watts and can now be heard quite clearly here on the coast. NEWS NOTES OF GANGES

OVER 20 YEARS AGO
from the Diary of
BERYL WEATHERELL

APRIL 7, 1917—

The war news today is more heartening as the U.S.A. has now joined the Allies and declared war against Germany.

APRIL 9, 1917—

The I.O.D.E. gave a very successful Easter supper and entertainment at Mahon Hall tonight. Songs, several spectacular tableaux (arranged by Mrs. Smith) and an amusing short play, "Mrs. Willis' Will" were enjoyed by the many people present. Those taking part in the play were Mrs. Norman Wilson, Mrs. Case-Morris, Mrs. Medd, Mrs. Lavand, and Miss Betty Medd. The proceeds, which amounted to \$111.00, will go to aid the local hospital and the Y.M.C.A.

Extracts, S.S.I. Church Monthly:

MAY, 1903—

The children's prizes for gardening, offered by the Farmers' Institute, are to be \$3.00 first and \$2.00 second.

Has the water of the springs (13 or so in number) which give the name to our island, ever been properly analyzed? It is nasty enough to be medicinal. Who knows but some day we may have a sanitarium here and a lot of gouty people, dieting themselves on our chickens, eggs and fruit?

MAY, 1904—

Mr. Purvin is reducing stock at his store at the Central Settlement — has main business being now at Ganges Harbour.

"DOCTRINE OF A TONE-MENT" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday.

The Golden Text is: "John seeth Jesus coming to him, and saith, Behold the Lamb of God, which taketh away the sin of the world" (John 1:29).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And when they looked, they saw that the stone was rolled away: for it was very great" (Mark 16:4).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Glow be to God, and hence to the struggling heart! Christ hath rolled away the stone from the door of human hope and faith, and through the revelation and demonstration of life in God, hath elevated them to possible attainment with the divine Principle of man and his spiritual Idea, Love."

"It was worthless until properly advertised"

For a long time it was a failure. No one would buy a Gillette Razor. In desperation King C. Gillette began giving razors away. But it did no good.

It was not till nearly ten years later, when an advertising expert came along that Gillette Razors began to boom. In a few years Gillette was a rich man. His company came to have a capital of £6,000,000, with a profit of £1,500,000 and factories all over the world.

One fact stands out: THE IDEA WAS WORTHLESS UNTIL PROPERLY ADVERTISED.

INDUSTRIAL COMMITTEE WORKING

(Continued from Page One.)
money to assist in completing the fire hall. The fire hall has been more or less at a standstill for the past month owing to unfavorable weather halting the finishing of staining and painting.

The matter of lighting the hall was discussed as regards hooking up with the street lights and the lighting committee given authority to conclude arrangements with the B.C. Electric.

The question of liability as regards driving the fire truck or hose carrier was discussed and H. H. Shade delegated to take the matter up with the government.

Since the meeting a very pleasant surprise took place on Monday when the Saanich Canning Co. Ltd. donated its Cadillac truck to the fire brigade. This will replace the Ford hose carrier at present in use. The Ford is a little too small for the big load of hose, extinguishers, etc., but it has a Ruxtal axle and will be a handy rig for someone. Offers for same will be considered.

Sincere thanks are tendered the Saanich Canning Co. for the gift.

Considerable progress was reported being made in the cleaning up of the John Dean Park on Mt. Newton. It is hoped that the work will be continued for some considerable time yet.

The Coronation program was discussed and co-operation in this undertaking pledged.

N. W. Copeland, chairman of the port committee, stated that the matter of installing a night light on the Beacon Avenue wharf had resolved itself into a proposition where the federal department of marine would instal and operate same by introducing harbour dues or wharfage charges. After some consideration this was not thought advisable and the street lighting committee was instructed to ascertain if a change in the street lighting circuit could be made so as to enable the street lights to be turned out and yet leave a light on at the wharf in the event the association decides to supply the light so as to avoid the introduction of dues at the wharf.

Plans for the new customs building have not been received as yet by the port committee, although word from Ottawa previously said the building would be erected this summer.

A number of bills were scrutinized and ordered paid.

The town planning committee reported that a number of things were about to be attended to, including the laying of a concrete walk across the boulevard at the post office, removal of a pile of clay on Fourth Street, care of the lawn, trees and shrubs on the boulevard, the planting of bulbs, etc.

A suitable surface drain pipe from the end of Beacon Avenue to low water was expected to be installed shortly by the Public Works Department.

The question of fire insurance rates was brought up and discussed and the secretary instructed to write the B.C. Fire Underwriters' Association requesting lower rates.

Other matters dealt with included bus connections with the ferries, road signs at the corner of Beacon Avenue and the East Road and on Beacon Avenue, the secretary being instructed to contact the B.C. Auto Club and the traffic

Illusion?

"I saw a snow flake on a stone,"
A kite away up high;
A king a-tottering on a throne,
A star up in the sky.

I saw a steamer plough the sea,
A sperm whale far from shore;
A lightning flash, a bumble bee,
A thousand things and more.

Now how can I these units see
When there is only One?
For, is not all an entity
From flake to flaming sun?

ACCIDENT PROVES FATAL

GANGES, April 14. — News has just been received by Mrs. W. McFadden, North Salt Spring, of the death of her daughter, Mrs. H. E. Brown, Rocky Point, Victoria, who succumbed Sunday evening from injuries by burns received at the fire which broke out Sunday morning at her home. Mr. Brown was absent from home at the time. A daughter, age 11 years, ran to the nearest neighbor and secured assistance but unfortunately the fire was beyond control, however a small child of 18 months was rescued from a bedroom window. The house and contents were completely destroyed. Mrs. Brown suffered terrible burns when her clothing caught fire and although rushed to the hospital died 12 hours later.

SATURNA

Mr. Hird returned from Vancouver.

Miss Faulkes returned to resume her school duties.

Mrs. Grau and daughter vera returned from Vancouver.

department of the government to have needed improvements made.

H. H. Hemphill was appointed as associate director of the North Saanich War Memorial Park in place of Frank L. Godfrey, who is now the president of that society.

W. H. L. Jones and William Greenhalgh were present at the meeting, being interested in the matter of establishing an industry in Sidney if satisfactory arrangements can be made, and which the industrial committee is and has been working on for some time, meeting with considerable success.

The industrial committee also asked for and received sanction to incur certain expense in connection with an endeavor to induce another industry to locate in Sidney. The committee also stated a number of suggestions had already been received for the improvement of Sidney and as these suggestions are entered in the Sidney improvement contest the nature of some could not be disclosed until the contest closed. However, it was intimated that the suggestions were not so much along the line of securing more payrolls as the committee had in mind when the contest was started.

The question of a life preserver for the wharf was considered and Freeman King was asked to interview Mr. Greene of the Capital Iron Works, Victoria, now dismantling the S.S. Princess Patricia, to ascertain if something suitable may be secured.

Present were: William Peddle, A. Deildal, W. N. Copeland, J. J. White, William Greenhalgh, Tom Morgan, W. A. Munro, H. H. Hemphill, A. W. Hollands, H. H. Shade, G. A. Cochran, F. G. Bowcott, W. H. L. Jones, George Gray, Frank L. Godfrey, Samuel Roberts, Hugh J. McIntyre.
